

HKFPA FUNCTION

Hong Kong Fire Protection Association Grand Opening Ceremony

The aims of HONG KONG FIRE PROTECTION ASSOCIATION are: (i) To facilitate the exchange of information and views, promote the relationships and better understanding amongst the Fire Protection Suppliers as well as other professionals in the fire protection market. (ii) To promote, establish and maintain a high ethical standard amongst the public and the industry engaged in professional fire protection services., and therefore maintain a high quality fire protection system in the market. (iii) To communicate with Government Departments and professional bodies in relation to the fire testing standard, Building Regulations and to protect the mutual interests of the professional fire protection suppliers in the market.
