

The Hong Kong Institution of Engineers
Joint Structural Division

Second announcement

Half-day workshop on Quality Control of Tempered Glass

Organized by
Façade Group, Hong Kong Institute of Steel Construction
Department of Civil and Environmental Engineering, The Hong Kong Polytechnic University

Supported by
Joint Structural Division, The Hong Kong Institution of Engineers

Date	:	25 October 2013 (Friday afternoon)
Venue	:	Room Y305, The Hong Kong Polytechnic University
Time	:	1:45 pm (registration) for 2:00 pm to 5:45 pm

Scope and Objective

Breakage of tempered glass may be attributed to three primary causes, i.e. design fault, bad workmanship and spontaneous breakage respectively. Amongst these causes, the nickel sulphide (NiS) spontaneous breakage is reckoned as the most commonest cause that is directly related to the quality assurance and control during the course of manufacturing tempered glass.

In the advent of a series of incidents on glass breakage, the control on the tempered glass is substantively tightened. As stipulated in the Practice Note for Authorized Persons, Registered Structural Engineers and Registered Geotechnical Engineers (PNAP) APP-37 on Curtain Wall, Window and Window Wall Systems, the following documents are required to be submitted: -

- a) Quality Assurance Scheme by the glass manufacturer prior to the consent application of the glass works;
- b) Quality Supervision Plan by the RSE prior to the consent application of the glass works;
- c) Heat Soak Process Compliance Report by the RSE prior to the application of an occupation permit; and
- d) Quality Supervision Report by the RSE prior to the application of an occupation permit.

The workshop is tailor-made as a top-up workshop for the quality control supervisors as required under the PNAP APP-37. They are Technically Competent Persons of grade T3 (under the RSE stream) and of grade T1 (under the RC stream) working in the glass façade field. The DO and DON'TS will be deliberated so as to enhance the effectiveness and efficiency when carrying out quality control on tempered glass.

The documents and tests that need to be prepared and carried out by the manufacturer in the quality assurance would be cited. The techniques of calibrating the heat soak oven, the proper installation of the thermocouples on the glass surface and the rationale of installing an independent data logger by the TCP-T1 would be mentioned in great detail.

Language: Cantonese supplement with English terminologies. Handouts will be distributed in English.

Speaker

The HKISC invites **Ir Dr. Dominic YU**, a Corporate Member of the HKIE as well as an expert in the structural design and use of glass, to deliver the workshop. **Ir Dr. YU** is now working at Alpha Consulting Limited, responsible for designing and supervising a number of curtain walls, window walls and glass balustrade projects.

Registration

Please send the completed registration form to Mr Sam CHAN, Secretary of the Institute of Steel Construction, c/o Room ZS945, Department of Civil and Environmental Engineering, The Hong Kong Polytechnic University, Hung Hom, Kowloon by 20 October 2013 (Fax No.: 2334 6389) or through email: samchan@hkisc.org.

Registration fees

HKISC member	HKIE member, RC and their TCPs	Others
HK\$ 600	HK\$ 800	HK\$ 1000

REGISTRATION FORM
(To be replied on or before 20 October 2013)

**Half-day workshop on
Quality Control of Tempered Glass**

Please follow the 2-step registration procedure:

1. Fax the completed registration form to *Mr Sam CHAN* (Fax: 852-2334 6389) for preliminary registration.
2. Post the completed registration form within 7 days together with a crossed cheque payable to **Hong Kong Institute of Steel Construction Limited** to *Mr Sam CHAN*, at:

The Hong Kong Institute of Steel Construction
c/o Room ZS945, Department of Civil and Environmental Engineering,
The Hong Kong Polytechnic University, Hunghom, Kowloon, Hong Kong

on or before 20 October 2013

To: Mr Sam CHAN

Fax: 2334 6389

Personal Details:

Title	Name in full (Block Letter)	Name of Company	Tel.	Fax	E-mail address	HKISC/HKIE Membership No. (if any)
1.						
2.						
3.						
4.						
5.						

Item	Total no. of registration	Sub-total
1. Regular registration (HKISC Member*price)	_____ person(s)	= HK\$ _____
2. Regular registration (HKIE member, RC and their TCPs price)	_____ person(s)	= HK\$ _____
3. Regular registration (Others Non-member price)	_____ person(s)	= HK\$ _____

Postal Address
(for official receipt):

Signature: _____ Date: _____

CPD Certificate of Attendance Please tick the appropriate box to indicate your choice:

Yes, I/ we would like to have CPD certificate(s). Not request for certificate(s).

Programme

Time	Programme
1:45 pm	Registration
2:00 pm – 3:30 pm	Rationale of PNAP APP-37 – Curtain Wall, Window and Window Wall Systems Framework of Quality Supervision Plan 15 minute Q & A
3:30 pm – 4:00 pm	Break
4:00 pm – 5:30pm	DOs and DON'Ts in the Quality Control of Tempered Glass Case Studies Q & A
5:30pm - 5:45 pm	Collection of CPD certificates; End of workshop
