

# Third International Conference on Steel and Composite Structures

(ICSCS07)

30 July – 1 August 2007 Manchester, UK

## Introduction

After great successes of the 1st (ICSCS'01 in Pusan, Korea) and 2nd (ICSCS'04 in Seoul, Korea) International Conference on Steel and Composite Structures, ICSCS'07 will be held in Manchester, UK from 30 July to 1 August 2007.

It is organised by the University of Manchester, in collaboration with the "Steel and Composite Structures", An International Journal.

ICSCS'07 will bring together from around the world researchers, engineers, manufacturers, product providers, fabricators and contractors to discuss and exchange the latest information and technology on Steel and Composite Structures. This conference will honour the 60th birthday of Professor David Nethercot.

## Themes

This conference will include, but not limited to the following topics:

- Buildings, bridges, beams and columns, connections, space structures, plates & shells, whole building, hybrid structures, nonferrous metal structures, composite use of materials
- Buckling and stability, fire performance, fatigue, fracture, vibrations and controls, dynamic & seismic performance, wind resistance
- Analysis, experiments, computations
- Codes, case studies, construction steel, fabrication & erection
- Sustainable development, education, maintenance & health monitoring, optimization

## Call for Papers

Authors are invited to submit one page abstracts in the above topics together with Preliminary Registration Form to the Conference Secretariat as soon as possible, but not later than the deadline shown below.

Abstracts should indicate clearly the aims and conclusions of the works included in the final papers. Both abstracts and final papers will be reviewed by the international scientific committee. Prizes will be given to the best written paper and oral presentation.

## Proceedings

The proceedings will be formally published by Taylor & Francis and made available to all delegates at the conference. Only pre-registered papers by pre-paying at least 50% of the early registration fee will be included in the conference proceedings. The extended full-length versions of selected papers from those presented at the conference will be published in Steel and Composite Structures, An International Journal.

## Important Deadlines

- 30 September 2006
- 31 October 2006
- 28 February 2007
- 31 March 2007

Submission of abstract  
Preliminary acceptance  
Receipt of full paper  
Notification of final  
acceptance and early  
registration

- 30 July – 1 August 2007 Conference

## Registration

Registration fee for the conference is £400 if the payment is credited on or before May 31, 2007 and £500 after this date.

The fee will cover a copy of conference proceedings, admission to technical sessions, welcome reception, lunches, coffee services during session breaks and the conference banquet.

Registration fee for one day is £200. The fee will cover a copy of conference proceedings, admission to technical sessions, lunches and coffee services during session breaks.

## Exhibition

A limited number of exhibition stands are available. Interested exhibitors should contact the conference secretariat.

## Secretariat

All correspondence should be addressed to:
